Safety Instructions

1. Use original or certified chargers and accessories only.
2. Please ensure the end of the cable is fully inserted, without gap.
3. Make sure the port of the devices is dry and clean with no impurities.
4. Please pull out the cable once the charging or data transmission is completed.
5. Please hold the head of the cable and pull it out when unplugging, avoid pulling the wire.
6. Do not use the cable if it is damaged.
7. Do not attempt to disassemble or repair the cable.
8. Avoid extreme temperatures, sun exposure, humidity or any hazardous conditions.
